ACCELERATING ALTERNATIVE PROTEINS FOR A BETTER PLATE

WELCOME TO THE EXCITING AND INNOVATIVE ISRAELI FOODTECH SCENE!

Did you know that Israel is ranked second, just behind the US, in terms of investment in alternative proteins? This places Israel at the forefront of shaping the future of our food system. In the heart of this revolution, numerous startups are developing delicious and sustainable alternatives to animal-based products. But don’t take our words for granted, come and taste it for yourself!

Our programs offer a unique and flavorful experience within the Israeli foodtech industry. Each package includes an informative lecture, exploring the connection between the food we eat and the climate crisis, along with potential solutions to address this global challenge. We’ll also discuss how Israel is leading the way in foodtech innovation.

PICK THE FINEST OPTION FROM OUR MENU

The Modern Agriculture Foundation is an Israeli non-profit organization, registered and approved by the Israeli Corporations Authority of the Israeli Ministry of Justice (Registry number 580589224, US 501c3 Equivalent)
The Modern Agriculture Foundation is pleased to offer an engaging hour-long lecture titled "From Startup Nation to Foodtech Nation: How to Eat the Cow and Leave it Whole." This lecture will focus on the latest trends in the world of foodtech, with a particular emphasis on alternative proteins - the hottest field in the foodtech industry.

The lecture explores the link between our diet and the climate crisis, while proposing solutions to address this global challenge. We will discuss what our plates will look like in the next 10-20 years, offering examples of innovative Israeli foodtech startups leading the way in this exciting field. The lecture will also cover the scope of investments in alternative proteins and the various types of alternative proteins available in the market.

For flexibility, we can provide the option to select your preferred location and light plant-based meal. If you arrange your own venue, there's no extra cost. Additionally, the light plant-based meal is priced at 1,000 NIS for up to 30 participants. The venue cost, if applicable, is 1,000-1,500 NIS.

Participants will embark on an exclusive tour that immerses them in Israel’s thriving foodtech landscape. They will have the opportunity to experience first-hand the cutting-edge technologies by visiting state-of-the-art laboratories. Attendees can ask entrepreneurs questions about their groundbreaking solutions and gain valuable insights into their inspiring journeys. They can choose between exploring Rehovot, known as the "foodtech capital," or the scenic northern location of Kyriat Shmona.

This pack includes the "From Startup Nation to Foodtech Nation" lecture and an optional plant-based meal.
